

## FIVA ID Card Applications & Guidelines

FIVA International identity card

FIVA defines a historic vehicle as a mechanically propelled road vehicle:

- which is at least 30 years old
- which is preserved and maintained in a historically correct condition
- which is not used as a means of daily transport
- and which is therefore a part of our technical and cultural heritage

Procedure for vehicles in countries with FIVA representation

In accordance with the Technical Code of the FIVA the application form (appendix A of the FIVA Technical Code) must be submitted to the ANF (Autorité National FIVA/National FIVA Authority) of the country where the vehicle has a current registration (if the vehicle is not road registered to the ANF of the country where the owner is legally a resident) before a FIVA Identity Card can be issued.

Procedures differ from country to country, so please refer to the ANF of the country in which your vehicle is registered for instructions.

If accepted the ANF will then issue a FIVA Identity Card valid 10 years or until the ownership of the vehicle is changed. The Identity Card remains the property of FIVA and must be returned to the issuing authority or FIVA upon request. The Identity Card is solely for identification purposes, it is no guarantee of the vehicle's authenticity and is not be used for commercial purposes or proof of the vehicle's history.
